Q12 - Comments:

Comments:

These meetings are not effective in my opinion. They are a group of thinkers being talked at rather than engaged in conversation. When conversation does start to happen, we are cut short and put right back on the task of hearing agenda items. If this group is truly about determining direction, it needs to have discussion.

I'm not sure how the subcommittees are ran but the executive committee is Ed Evans speaking to the group instead of engaging in dialog and using this team as an opportunity for feedback and further discussion on where IT should be focusing. I would go as far to say the prior structure provided more opportunity for engagement.
